79th Annual AAPOR Conference

Working Together: The Essential Role of Public Opinion Research in Collaborative Science

May 15 - 17, 2024

Call for Papers, Methodological Briefs, Posters, Panels, and Roundtables

Submission Deadline: Wednesday, November 15, 2023 at 11:59 p.m. ET

The American Association for Public Opinion Research (AAPOR) is thrilled to announce that its 79th Annual Conference will be held at the Hilton Atlanta on Wednesday, May 15 through Friday, May 17, 2024. Don't miss this opportunity to participate in the premier forum for the exchange of advances in public opinion and survey research.

Over the past several years, AAPOR has celebrated coming together, been challenged with disrupting public opinion research in the pursuit of equity and inclusion, and focused on building collaborative partnerships and working together. In 2024, we will build on these themes to focus on impacting communities through the engaged scholarship work done by public opinion and survey research methods scholars and practitioners.

Public opinion and survey research impacts our communities in a variety of important ways. For example, this research plays an important role in democracy and governance by measuring the opinions and concerns of all members of communities. It is also a key source of information for developing and evaluating policies at all levels of government in multiple domains, including health, the environment, transportation, finance, disaster preparedness, social services, justice, and others. Finally, survey and public opinion research provides important data about disparities and inequity that can be used to improve diversity, equity, and inclusion. For the 2024 conference theme, we will be spotlighting the many ways that public opinion and survey research is having an impact on communities.

To this end, AAPOR members will be encouraged to submit abstracts that feature all the ways that surveys and public opinion research impact communities. Abstracts should include a

Search For A Person

Before adding a new name, search the database to see if that name and contact information have already been entered.

- The search is not case sensitive and returns only exact matches.
- Do not use wildcard characters such as *.
- You may use accented characters but it is not necessary to do so.
- If the name is not found, enter it in the data entry form that appears next.

All papers, posters and methodological briefs submitted to the conference may identify authors and advisors/mentors that are connected to the submission. Please note that should this abstract be accepted, AAPOR will do its very best to ensure advisors/mentors are able to attend the presentation, however we can only guarantee scheduling for presenting authors. Should the advisor/mentor of this abstract also be part of the presentation, please note them as a presenting author on the next screen.

NEW for 2024 - All paper, poster, and methodological brief presentations may have up to TWO presenting authors. These presenters may be identified in the next screen.
