79th Annual AAPOR Conference	following:
Working Together: The Essential Role of Public Opinion Research in Collaborative Science	Affinity Group Session Begin a Submission
May 15 - 17, 2024	
Call for Papers, Methodological Briefs, Posters, Panels, and Roundtables	
Submission Deadline: Wednesday, November 15, 2023 at 11:59 p.m. ET	Methodological Briefs
The American Association for Public Opinion Research (AAPOR) is thrilled to announce that its 79th Annual Conference will be held at the Hiton Atlanta on Wednesday, May 15 through Friday, May 17, 2024. Don't miss this opportunity to participate in the premier forum for the exchange of advances in public opinion and survey research.	Begin a Submission
Over the past several years, AAPOR has celebrated coming together, been challenged with disrupting public opinion research in the pursuit of equity and inclusion, and focused on building collaborative partnerships and working together. In 2024, we will build on these themes to focus on impacting communities through the engaged scholarship work done by public opinion and survey research methods scholars and practitioners.	
Public opinion and survey research impacts our communities in a variety of important ways. For example, this research plays an important role in democracy and governance by measuring the opinions and concerns of all members of communities. It is also a key source of information for developing and evaluating policies at all levels of government in multiple domains, including health, the environment, it transportation, finance, disaster preparedness, social services, justice, and others. Finally, survey and public opinion research provides important data about disparities and inequity that can be used to improve diversity, equity, and inclusion. For the 2024 conference theme, we will be spotlighting the many ways that public opinion and survey research is having an impact on communities.	Panels Begin a Submission
To this end, AAPOR members will be encouraged to submit abstracts that feature all the ways that surveys and public opinion research impact communities. Abstracts should include a (brief) description of the impact of the work in addition to relevant information about the research.	
We look forward to this opportunity to learn about how the important work being done by AAPOR members impacts communities and celebrate the role of engaged scholarship.	
Submissions: The proposal submission form is unique to each submission type but generally requests author contact information, title, presentation track, keywords describing the content of the presentation, and an abstract of no more than 300 words. To promote broad conference participation, an individual may not submit more than three proposals as first author, regardless of the proposed format of the submission. For specific descriptions and requirements for each proposal type, as well as to submit your proposal, please use the expandable sections below.	Paper Begin a Submission
All abstracts should be submitted electronically by Wednesday, November 15, 2023, at 11:59 p.m. ET.	

2. You will be asked to log in with your existing AAPOR username and password.

If you do not have one, please return to aapor.org to set up an account.

You will NOT be able to set up an account through the submission process.

3. Select appropriate track, and select 'Save'

Financial Disclosure
It is the policy of AAPOR to ensure balance, independent, objective, and scientific rigor in all its activities. To this end, all conflicts of interest or perceived conflicts must be disclosed. All authors of an AAPOR conference presentation must disclose (here and at the beginning of their presentation/poster) that the individual(s) either.
1. Have no financial interest or relationship with a commercial survey organization or client that would benefit from the research results presented OR
2. Have a financial interest with a commercial survey organization that could benefit from the research results presented.
It is not necessary to disclose reliationships with non-profit organizations or propriety entities that do not relate to survey or polling products or survives or could benefit from the research findings. Relationships of immediate family members with propriety entities relating to survey or polling products should be disclosed at they are of a nature that may influence objectivity of the individual in a position to control the content of the AAPOR presentation or poster. If you are employed by a survey organization and that is your only financial contention. This will be disclosed as your affiliation, and you should choose no financial interest to disclose.
Do you have relevant financial interest(s) related to survey or polling products or services or clients? *
You must disclose the names of the organizations with which you have this relationship, the nature of your relationship, and the clinical or research area involved.
Organization Name: Relationship: Delete:
Add another row
Speaker Release Policy
Click here to download the AAPOR Speaker Release form. Please mark the box to indicate you have read and understand the AAPOR Speaker Release Policy.
Please mark the box to indicate that your presentation will abide by requirements of the AAPOR Code of Professional Ethics Practice. Click here to review the Code.
I have read and agree that my presentation will abide by the Code of Ethics.
Speakers are responsible for their registration fees
I accept that I am responsible for conference registration fees if I am selected to present my proposal, and that I must be registered to attend the conference.
Abstract is ready for review
I accept that I am responsible for checking my abstract for typographical errors and the information I submit is ready for review. All changes to my submission need to be completed before the submission deadline (which is Friday, November 4, 2022, 11:59 PM Eastern).
I am the Primary Contact Person
Laccept that, as a submitter, I am the PRIMARY contact person and am responsible for notifying all other participants of acceptance, rejection, scheduling and any other information by AAPOR.
